Drawing with Pastels

April 8, 2017 9 am—3 pm

This day-long hands-on workshop taught by Will Hildebrandt from LeGrand, Iowa will offer both beginners and experienced artists an opportunity to learn and hone new techniques for working with pastels. We will learn about the different kinds of pastels and types of paper, practice blending skills, and create a landscape using pastels. Bring your own supplies or use one of the starter kits that will be on hand. (Supplies should include a sketchbook, drawing board (18×24), set of 12 Pastels, vine charcoal, kneaded eraser, cloth rag, and resource photos.)

Guest Artist and Teacher: Will Hildebrandt

Will Hildebrandt is an artist and teacher from LeGrand, IA. Will earned a B.A. at Wartburg College in Art/Art Education and a Masters degree in Drawing from UNI. He is a member of the

[Iowa Pastel Society](http://iowapastelsociety.com) and has received a number of awards in juried shows. His work has been displayed in exhibits and galleries across Iowa and beyond. Learn more at <http://hildebrandtarts.weebly.com/>.

“There are many ways to communicate in art. My work communicates symbolically, with both the subject and materials I use. I use a variety of drawing media. I use colored pencils, pastels, pen and ink, and watercolor. I also use mixed media collage, and assemblage techniques. My images are representational and have elements of mystery, symbolism, and the human condition. My subjects vary from a collapsing farmhouse to the despair and injustice suffered by people around the world. A recurring theme in my work could be labeled, “discards”, or an empathetic view of the subjects upon which society has placed little value.” (From <http://hildebrandtarts.weebly.com/>)
